

## Orange Street and Redlands Boulevard Improvements

Orange Street and Redlands Boulevard will undergo a rehabilitation that includes street, sidewalk, median and landscaping improvements. These improvements are part of an overall vision to improve the quality of both the street as well the quality of sidewalks for pedestrians and shoppers in the downtown area.

- Orange Street from Pearl Avenue to Olive Avenue and Redlands Boulevard from Texas Street to State Street will be resurfaced.
- Beautification also includes sidewalk, median and landscaping improvements.
- The intersections of Orange Street with Stuart Ave., Shoppers Ln, Redlands Blvd., and State St. will be reconstructed with block pavers.

## State Street Landscape Improvements

The State Street Landscaping Improvements Project is designed to revitalize the existing planters and trees on both sides of State Street between Orange Street and Redlands Boulevard.

## Redesign of Ed Hales Park

In December 2007, the City of Redlands Parks Commission endorsed the concept of redesigning Ed Hales Park as an urban square, piazza or market place to promote large gatherings of people.
